About us

We are Claire & Rebecca, two interior designers turned friends turned business partners. We opened Happy Hour Design Collective to bring high quality, beautiful furniture to Sacramento.

With over 15 years of combined design experience, we have built our careers on authenticity, intention and personal style. Homes should be a reflection of your aesthetic preferences, lifestyle and personality and not a copycat of the Pottery Barn catalog.

We believe in creating spaces that are functional, chic and effortlessly stylish. Our designs are meant to be lived in and enjoyed, not just admired from afar.

The journey to new furniture should be a joyful experience. We strive to make your experience at Happy Hour fun, engaging, and memorable.

About the furniture

Happy Hour carries Norwalk furniture, high quality custom upholstery, proudly manufactured in Norwalk, Ohio. Their products are made in the USA with a focus on using American suppliers and local artisans. They use only the best construction methods and materials so your furniture will last for decades. We love that Norwalk is an employee-owned and woman-led company, and their ability to customize details, from the fabric and legs to the wood finish, cushions, welts, and trim. We will help you choose from hundreds of fabric options including durable performance, leather, and playful patterns.

Our furniture is hand-made in Norwalk, Ohio. An employee owned company in the furniture business since 1906.

Norwalk provides one of the best consumer warranties in the business. Made with locally sourced components when possible: high quality lumber fastened with mortis & tenon joints, double cone machine-tied S3 coil spring system, and the best foam on the market.

Norwalk Furniture is creating healthier homes by producing furniture made without harmful chemicals. We meet the California TB 117-2013 requirement and this is verified on the law label that attaches to the furniture

We have over 500 fabrics in our showroom ranging from neutral solids to bold prints. Soft, coastal linen and sturdy performance.
